on the day immediately preceding or following a holiday, or vacation may be counted by the instructor as two.

Chapel Attendance. All students, except those excused by the deans, are required to attend chapel exercises two days a week. Any student failing properly to account for absence from chapel will be placed on the rolls of the University as in the case of absences from class.

Church Attendance. All students will be required to attend divine worship at least once a week in the church of their choice.

Conduct

It is the purpose of the University authorities to maintain a high standard both of scholarship and character. Students who will not work are not desired, and immoral conduct will not be tolerated. A student whose conduct or influence is found to be detrimental to the interests of the student body may be requested to withdraw; in cases of flagrant misconduct or continued violation of rules and regulations, the penalty will be suspension or expulsion.

The faculty invites the hearty cooperation of the Student Association in the maintenance of high standards and, as far as practicable, will rely upon student sentiment and student self-government for the enforcement of good conduct. All the actions of this Association are subject to review by the Committee on Discipline appointed by the general faculty.

All forms of hazing are positively prohibited and students on entrance are required to sign a pledge of abstention from such practices.

Each student agrees to leave the University and University neighborhood immediately when directed to do so by a constituent of the University of the University.

Matriculation at the University is a declaration of acceptance of all University rules and regulations.

Boarding Restrictions

It is the policy of the University to provide, as far as possible, for boarding students in its own dormitories, but students not required to live in the dormitories may secure board and rooms in approved private houses. Persons who
